PE001G

40V Max Brushless Spot Cleaner

Product Statement

40V Max Brushless Spot Cleaner

The PE001G is a professional grade spot extractor powered by Makita's XGT battery platform, designed to efficiently remove localised stains and spilled liquids from carpets, upholstery, and other textile surfaces.

Pairing powerful extraction with quiet operation, the PE001G is well suited to noise-sensitive environments such as hotels, offices and restaurants.

Engineered for commercial environments such as hotels, restaurants, cars, offices, and facility maintenance applications, the PE001G features adjustable suction power, detachable clean and wastewater tanks, transparent extraction nozzle for improved visibility and dedicated suction or spray-and-extract operating modes. Its cordless design eliminates power cord restrictions, improving manoeuvrability and productivity while enabling quick response to spills and stain removal tasks.

Built with XPT and IPX4 protection for enhanced durability and resistance to water exposure, the PE001G provides dependable, high-performance textile cleaning while offering the convenience and mobility of a cordless platform.

Product Overview

PE001G

Large On/Off Switch

Mode Selector Switch

20kPa Suction Power

5L Clean/Waste Tanks

Automatic Float Shutoff

Wastewater Level Indicator

Transparent Nozzle

Product Specifications

PE001G

Max. Suction Power	High: 105W Low: 60W
Max. Suction	20kPa
Max. Air Volume	1m³/min
Water Tank Capacity	5L
Flow Rate	0.5L/min
Noise	High: 66dB Low: 63dB
Dimensions (L x W x H)	475 x 295 x 398mm
Skin weight	14.5kg
Weight (with battery)	16.4kg (with BL4080F)
Voltage	40V Max

Large On/Off Switch – The large control switch provides easy and convenient operation and can be quickly turned off when required.

Mode Selector Switch – Three-stage mode selector offering Suction Mode, Suction & Spray Mode, and Power Off to help prevent accidental activation.

20kPa Suction Power – Powerful suction performance capable of removing deep-set dirt and stubborn stains from fabrics.

5L Clean/Waste Tanks – Features separate 5L clean water and wastewater tanks for extended cleaning time and fewer interruptions.

XPT Protection – Advanced eXtreme Protection Technology (XPT) enhances durability by providing increased resistance to water and dust.

Automatic Float Shutoff – An integrated float mechanism automatically shuts off suction when the wastewater tank reaches capacity, helping to prevent overflow and protect the tool.

Wastewater Level Indicator – Convenient inspection window allows users to monitor the wastewater level during operation.

Transparent Nozzle – Allows users to observe the flow of wastewater and identify any remaining dirt or debris during cleaning.

Advantages

POWER

POWERFUL 20kPa SUCTION PERFORMANCE FOR EXTRACTING DEEP STAINS

CONTROL

LARGE ON/OFF AND 3-STAGE MODE SELECTOR FOR SUPERIOR CONTROL AND VERSATILITY

DURABILITY

XPT TECHNOLOGY FOR EXTENDED TOOL LIFE AND LASTING PERFORMANCE

Accessories

STANDARD ACCESSORIES

	1917U0-1	Nozzle assembly
	1917T8-8	Hose complete

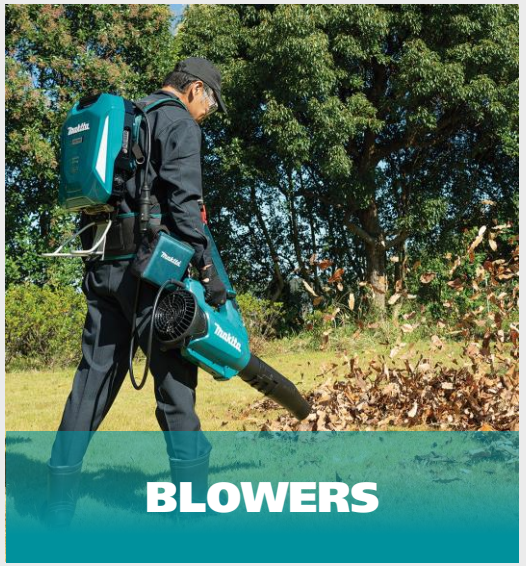

OPTIONAL ACCESSORIES
