

DLM540ZX

18Vx2 Brushless Self
Propelled 534mm Lawn
Mower

Product Statement

18V x2 Brushless Self Propelled 534mm Lawn Mower

The **DLM540ZX** 18VX2 (36V) LXT Brushless 530mm Self-Propelled Lawn Mower delivers strong cordless performance for medium to large lawns, with faster blade acceleration to prevent stalling in thick grass. Powered by two 18V LXT batteries, it features a durable steel deck, efficient brushless motor, and a stepless self-propelled speed range of 1.5–5.0km/h. A 10-stage height adjustment and 4-in-1 functionality mowing, collecting, mulching, and rear discharge provide flexible operation.

A specially angled blade reduces load for smoother cutting, while Quiet Mode makes it ideal for residential areas. Comfort features include tool-free handle height adjustment, soft-grip ergonomics, and compact vertical storage with foldable handles.

Designed for everyday reliability, it also offers XPT water resistance, an electric brake, and a washable cutting deck.

Product Overview

Quiet Mode

Compatible with high-capacity batteries

Self Propelled
Speed control

Vertical storage

70L Grass Catcher

530mm
Cutting Width

Steel Deck

4x Swing Back
Blades

Product Specifications

DLM540ZX

Catcher Capacity	70L
Cutting Height Adjustment range	20-100mm (10 stages)
No load Speed	2,800rpm
Recommended mowing Area*	2,550m² (Manual Push) 1,900m² (Self Propelled: 5.0km/h) (BL18120 x 2)
Traveling Speed	1.5 – 5.0km/h
Max Cutting Width	534mm
Dimensions (L x W x H)	1,810mm x 595 x 930mm
Skin weight	29.1kg
Weight with battery	34.5kg (With 2x BL18120)
Voltage	18Vx2

Quiet Mode – Automatically reduces RPM to lower noise output, ideal for residential and noise-sensitive areas.

Compatible with High Output Batteries – Redesigned battery ports support 9.0Ah and 12.0Ah batteries for longer runtime and improved compatibility.

530mm (21") Cutting Width – Large cutting width reduces the number of passes needed, allowing faster mowing.

XPT Technology – Enhanced protection against dust and water for increased durability.

Self-Propelled Speed Controller – Easy-use lever adjusts speed to suit different walking paces and terrain types.

Vertical Storage – Foldable handles allow compact, upright storage to save space.

70L Grass Catcher – Optimised airflow design improves grass collection and reduces emptying frequency.

Steel Deck – Strong, durable steel deck minimises damage from obstacles.

Swing-Back Blades – Four swing-back blades reduce impact force when hitting solid objects.

**Measured using 2x 12.0Ah batteries at maximum rotational speed*

Advantages

POWER

**UP TO 2,800RPM POWERD BY 18Vx2 FOR
SUPERIOR CUTTING PERFORMANCE**

EFFORTLESS

**SELF PROPELLED WITH STEPLESS SPEED
CONTROL FOR EFFORTLESS MOWRING**

DURABILITY

**STEEL DECK WITH 4X SWINGBACK BALDES FOR
IMPROVED TOOL LIFE AND PROTECTION**
